### BEFORE CLASS

1. Prior to class, wipe ware with a damp sponge to remove any bisque dust.
2. Slightly thin **Satin Glazes® White** with water to a light cream consistency. Fully load Fan Glaze brush with the thinned glaze and apply three flowing coats to the entire piece. Let dry thoroughly after each coat. Between coats, lightly sand the piece with finger to ensure ware is as smooth as possible. **Note:** *if brush marks are visible after the first coat, the glaze is too thick. Add more water to allow the glaze to smooth out.* Allow the piece to dry 24 hours before decorating.

Please check with hosting studio for date and time of this class. This is a full-day class.
