

DIY Glow in the Dark Cactus Frames

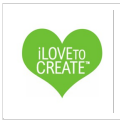

If you want to give your home décor a fun, new look with Southwest vibes, we've got something for you! Tulip Dimensional Fabric Paint is great for embellishing frames of all kinds and making your favorite pictures really stand out!

Instructions:

1. Shake paint well before using and do a couple of practice squeezes onto a paper towel.
2. Use paint to add small dots all over frame and let dry.
3. Glue pom-poms to top of frame.
4. Let dry then insert picture.

Now you have super cute, trendy cactus frames that you'll love putting all of your pictures in! Want to know the best part? They glow in the dark! That's right! Even when the lights are off, your frames are still looking cute!
